### SOFTWARE QA ANALYST (Intermediate/Senior)

We are looking for an **Intermediate/Senior Software QA Analyst** to join our team to assist in testing some of the world's most cutting edge dating web sites. The ideal candidate has strong knowledge of Quality Assurance methodologies and tools; has worked in a product development group for leading brands, websites, and/or mobile devices. The position involves testing dating web sites, mobile sites, and mobile apps.

Working closely with QA, Development, Product, Design, and Customer Service teams, your main responsibilities include:

- Review business, design, and technical requirements and provide feedback to business and technology teams
- Develop and execute test plans and test cases
- Work closely with the business and development teams during the test design/execution phases
- Plan, design, implement, and maintain process for testing of our products
- Ensure defects are logged accurately, and verify fixed defects
- Make recommendations to improve quality processes.

### Experience and Qualifications:

- Bachelor degree or diploma in a computer science related discipline or an equivalent combination of education and experience
- 3+ years related experience in Software Quality Assurance
- Demonstrated hands-on experience developing and executing test cases
- Ability to quickly learn new technologies

- Experience working with web testing tools
- Demonstrated experience with cross browser and cross platform testing (IE, FF, Safari, Windows, Mac)
- Strong interpersonal & communication skills, both written and oral
- Excellent problem-solving, analytical and time-management skills
- Detail oriented and organized
- Maintain project status/issue lists and provide progress status reports
- Ability to adapt to fast paced work environment
- Must have passion for testing
- Knowledge of SQL and familiarity with SQL Server Database is a preferred asset but not required
- Experience with Selenium IDE is also a preferred asset.

Qualified candidates should send a resume and cover letter (in the same document) to [hr@avidlifemedia.com](mailto:hr@avidlifemedia.com). In the e-mail subject line please reference “**QA Analyst**”.
